The *EasyPur* water filtration system has been specifically designed with premium features customers want and dealers appreciate. Now Gold Seal tested and certified, it features simple to use twist-off cartridges, encapsulated 75-GPD RO membrane and post filter, all designed to make installation quick, easy and sanitary. The 5-stages of filtration ensure premium water taste and quality, and the higher production capacity serves larger homes and offices. Great for large service programs or for customers who like to do the filter replacement themselves. The *EasyPur* comes complete, ready to install with connection hardware, tubing, faucet and instruction manual.
